# GRAIN SEPARATOR CLASSIFIER INCL. ASPIRATOR HSMCSA - HSMTRA 

## HSMCSA

The Grain Seperator Classifier is used in high capacity pre-cleaning operations via efficient seperation of impurities and foreign materials from the grain.

## HSMTRA

The grain seperator aspirator is an high power aspirator which is equipped with an efficient gear motor ensures an efficient discharge of the impurities and steady feeding of the product.

## Features \& Advantages

- Higher capacity and efficiency compared to traditional grain separators
- Compact design with easy cleaning points
- Minimum maintenance requirement
